**CUSTOM STORAGE SHEDS**

The Better Built Storage Sheds

Since 1998

Thank you for considering Barns Unlimited LLC.

Barns Unlimited was founded in 1998 by Amos Esh with one goal in mind: To provide custom, handcrafted, high quality portable structures at a fair price.

Barns Unlimited is still today family owned and operated. From our humble beginnings in an old post frame bank barn to today. We are committed to producing more than your average portable buildings that are presently found on the market. Our quality craftsmanship & customer focus allows us to create the perfect shed for you. We specialize in meeting the unique demands of today's portable building marketplace, with customers looking for ways to create attractive, custom designed, unique portable buildings. We try to stay ahead of the curve with our full line of storage sheds, portable garages and greenhouses. We even offer two-story buildings, double wide garages and cottages. These offerings have served our customers in many ways: as general storage sheds, workshops, man caves, she sheds, home offices, retreats, guest houses and tiny homes. Imagine the possibilities! You dream it, we build it!

We feel privileged to have served the many happy satisfied customers in the past. We invite you to come in and allow us to work with you on your next building project.

Thank You and God Bless,

The Esh Family

# MINI BARN

The Mini Barn is the most economical shed. A low cost storage solution to free up garage space for the most important things in life.

MINI BARN  
3' 9" Sidewall Height

8 x 8	10 x 20
8 x 10	12 x 12
8 x 12	12 x 14
8 x 16	12 x 16
10 x 10	12 x 18
10 x 12	12 x 20
10 x 14	12 x 24
10 x 16	

# HIGH WALL

The Hi Wall Barn has a gambrel roof and traditional barn look and is a great space saver! Create an overhead loft or hang bikes and kayaks from the rafters to make room for yard equipment on the floor.

10x16 High Wall Barn

10x16 High Wall Barn

10x12 High Wall Barn

HIGHWALL BARN  
5" 9" Sidewall Height

8 x 8	12 x 12	14 x 20
8 x 10	12 x 14	14 x 24

10 x 12	12 x 24	14 x 40
10 x 14	12 x 28	
10 x 16	12 x 32	
10 x 20	12 x 36	

# SUPER BARN

12x24 Super Barn with 1 extra window

The Super Barn was designed for maximum cubic feet of storage. Our most popular shed because it has lots of space to add lofts, shelves, workbenches, extra windows and doors that can be on the end or on the sidewall. Add a cupola and weather vane or upgrade to classic doors to make it your own.

## SUPER BARN 6' 9" Sidewall Height

12 x 12	12 x 32	14 x 40
12 x 14	12 x 36	

12x16 Quaker with Cupola & Weathervane

The Quaker is one unique shed! The back wall is 12" lower than the front wall. This puts the peak off center with a longer slope in back and shorter in front giving it a look all it's own. A 15" overhang is included above windows and doors. Use it for a potting shed, she shed, workshop or just a cool looking storage shed.

8x12 Quaker

# HOOSIER CLASSIC

**BARN UNLIMITED**  
LLC  
CUSTOM STORAGE SHEDS

10x16 Hoosier Classic  
Cupola & weathervane

The Hoosier Classic is very popular with its steeper roof and wider overhangs. It has classy touches throughout and the inside opens up in a big way adding function and value to any backyard. Add flower boxes and a cupola for a special finishing touch.

10x20 Hoosier Classic  
w/ 5 window dormer

12x16 Hoosier Classic  
w/ Cupola & weathervane

## HOOSIER CLASSIC 7' 2 1/2" Sidewall Height

8 x 12	12 x 14	14 x 20
8 x 16	12 x 16	14 x 24

12 x 12	12 x 36

12x24 Standard Super Barn Garage

The Standard Garage starts off with the Super Workshop or Super Barn design. Then, an overhead door and heavy duty floor strong enough to hold a vehicle is added. Can be single wide or double wide (with Super Workshop) to have plenty of room for that special project. Add a porch on the side for a place to chill out and watch the sunset when the work is all done.

**MIRATEC**<sup>®</sup>  
By JELD-WEN

**NO OTHER TRIM PERFORMS LIKE MIRATEC.**

- Resists moisture, rot and termites.
- Reversible with a woodgrain texture on one side and a smooth surface on the other.
- Handles like wood; easy to machine, cut and nail.
- Won't check, split or crack.
- TEC™ patented manufacturing process makes MiraTEC a solid board that has uniform properties throughout for consistent performance in every piece.
- Primed 4 sides with an ultra-low VOC, white primer containing a mildewcide.
- Industry-best 50-year limited warranty.

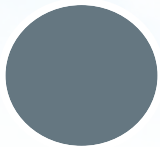

Unlike other materials used for trim these day, MiraTEC is the one product actually conceived and engineered to do the job. Made from the patented TEC process, MiraTEC Treated Exterior Composite trim combines the eye catching beauty of authentic woodgrain with the long-lasting performance of an engineered product. Because it is not a hardwood, MiraTEC trim will not delaminate, is moisture, rot and termite resistant, and is backed by a 50 year limited warranty. MiraTEC simply performs to a standard other composite trim products cannot. Not by chance, but by design.

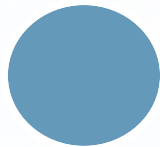

Haley paints feature factory-milled pigments designed for excellent exterior performance, with a finish that is resistant to blistering, cracking, and chalking.

### STANDARD COLORS

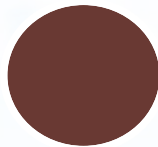

Haley paint's acrylic paint is a self-priming, high-build, mildew-resistant coating designed for wooden outdoor products, including sheds, garages, barns, and exterior trim. Backed by a 10/25 warranty.

- 1-year, 100% labor and replacement feature
- Backed by a 1/10-year limited materials warranty so you can build with security and confidence
- Installs like conventional floor panels

## **CUSTOMER RESPONSIBILITY**

Thank You for choosing Barns Unlimited! You are purchasing a high quality building that will give you many years of service with little or no maintenance.

We build the building here at our shop and deliver to your prepared site. We must have a path wide enough for the building to fit thru plus a few inches. Remember, some buildings have overhangs. Please measure between trees, fences, and other buildings. Check for low tree limbs, wires and home overhangs. If building cannot be delivered fully assembled, we can build it on site at an additional cost.

We offer free delivery and set up, up to 30 miles from our shop. Over 30 miles is charged by the mile. Set up includes placing building on your prepared site and leveling if needed. The average set up takes about 30 minutes. The first hour is free. After the first hour, extra services such as leveling, trimming trees or taking down or replacing fence will be charged for by the hour.

### **SITE PREPARATION:**

A good foundation is very important for the life of your building. We recommend a LEVEL Pad of #73 limestone at least 3" deep, 12" wider than building on all four sides. A level pad will extend the life of your building many years. We don't recommend blocks, as your building is only supported where there is a block. However, if you provide the blocks we will do our best to level the building.

The customer is responsible for any Permits, Set Backs, Covenants, Codes or Engineering required by your County, Township, City Ordinance or Home Owners Associations.

The customer must keep all grass and weeds cut down from around the perimeter of the building to insure proper air circulation under floor of building.

## 10 YEAR WORKMANSHIP WARRANTY

We hereby warrant each unit manufactured and installed by our company for 10 full years against any defects in workmanship. Barns Unlimited, LLC will not be responsible for damage caused by abuse or "Acts of God". Most material we use is covered by Manufacturer Warranty.
